

How to Apply as Visiting Scholar

We encourage scholars from abroad to engage with our faculty and students. Visiting scholars are considered guests of our department who may visit for a temporary period of up to one year (renewable). Therefore they are expected to provide their own support from research or study grants obtained from a foundation, university, or other agency.

There are some elements of consideration:

- CV including the prospective visitor's educational background, publications, and area of academic interest
- The specific research proposal
- Institutional affiliations
- Most importantly, the availability and interest of a SAU ULI member to supervise or collaborate in the proposed research project

We recommend that you contact one of our faculties or department directly with your request.

Please send the following information:

1. Curriculum Vitae
2. A description of the proposed research, including a statement explaining why SAU ULI is important for your study
3. The proposed length and dates of the visit

The application and all its parts (letters, etc.) should be addressed to SAU ULI Head Ali Balci, and mailed or e-mailed to the following address at least 90 days prior to desired start date:

Erman El
Secretary of Department of International Relations
Sakarya, Turkey
Phone: 0 (264) 295 62 29 Fax: 0 (264) 295 62 33
ermane@sakarya.edu.tr
